

AIB Online Schedule May 2010 thru August 2010

How do they work?

AIB Online Courses are instructor-led classes that are delivered over the Internet. Each course has a start and an end date and students are required to complete one or more lessons each week. Each lesson typically consists of reading a chapter in the textbook or online, completing a self-check quiz online and completing an assignment that is submitted electronically to the instructor. Many of the courses have a midterm and final exam. Students do not need to login at a certain time or date, but must make sure they read the assignments and post homework within the deadline given. Typically, students should be logging in at least twice a week.

What do students need?

- * A computer with printer.
- * An Internet Service Provider (ISP) such as Comcast or EarthLink.
- * We recommend at least Windows 98 with Microsoft Internet Explorer Browser, 6.1 or Netscape Browser, 6.2.
- * The AOL browser is not supported by Blackboard.
- * Classes with an asterisk require Microsoft Excel software.
- * 56K (or higher) modem; DSL or Cable Internet
